Not So Much A City As A Way of Life

... a way that began in a tiny log cabin just a hundred years ago. A way that prospered with time and grew in enthusiasm. A way that created

the beauty of Turtle Creek,
the culture of the Dallas Theater Center,
and the efficiency of Love Field.

Remarkable isn't it? All this progress in such a short time. But then, progress is the product of the people. People who have been inspired by their surroundings to contribute something to society. This medium of exchange between a city and a citizen results in an infinite cycle of progress. A personal pride making Dallas not so much a city as a way of life.

Dear Davis,
 Well its that time again, to write on just a few
 lines what I think about you 365 days a year! There is
 not enough space or time to tell you the way I feel -
 even though you probably know by now.
 Well its the time in your life where the girl next
 door isn't a girl anymore. You'll probably be
 leaving home soon, and I just want to tell you I
 will always care for you no matter if you just across
 the street or across the world. Please, never let anything
 come between us - I will always have fond memories of
 you in my heart
 be forgotten. Remember
 Boy, we had some
 that summer
 memory of you I will have ever have. You really
 became close to me
 you realize. But
 it comes and changes
 better sometimes for
 changed for the better
 farther apart.
 Now someone
 my place, but
 should be. And so I am. I will always remember
 you and the summer you were mine, and I will
 cherish that
 memory forever!
 Remember Davis, if you ever need me, I'll be there
 Good luck always
 Kenneth

Consider the man as a teacher ...

a teacher whose influence is immeasurable

in the lives of his students,

a professional teacher whose proficiency

in the art of education has earned him

recognition as an honor graduate from

North Texas State University.

But more important—

Consider the man as an individual ...

a warm hearted individual whose easy-going

manner perpetuates a sense of belonging to

all who know him,

a dedicated individual who has devoted his

untiring efforts to social work in deprived

areas.

Words are but trite expressions in describing
 his character;

Therefore we ask you to consider the MAN
 who has been selected as

Dedicatee of the 1967 EXCALIBUR ...

Mr. Shamus Mehaffie

Why *Excalibur*?

When Kimball High School opened in nineteen hundred, fifty-seven, the students selected the name *EXCALIBUR* for the yearbook. This choice was appropriate, since, according to legend, Excalibur was King Arthur's magical sword. The sword had been a gift from the Lady of the Lake. At Arthur's death, it was hurled into the lake by a mysterious hand and carried beneath the waters. The legend states that the spirit of Excalibur still reigns within the heart of all true Knights.

Dear Student,

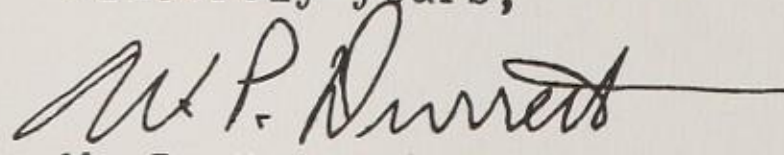

As the school year draws to a close, I am reminded that each of you is on the verge of entering a new phase in your life. What then, should be your attitude toward life? There is only one answer: you should hold life your friend.

The one principle most evident in life, from beginning to end, is compensation, and if foe-like it takes from us some things we feel should not have been taken, it seldom fails, as a friend, to give us more than we have a right to expect. It is a false attitude toward life that allows the sorrows and pain and disappointments which are inevitable, to overshadow the privileges and blessings bestowed by each succeeding year.

Life is our friend. Only in the beginning do we have to take life as it is, and then, fortunately, there are those whose chief joy is the tempering of the wind toward us. When, in the course of years, the bugle sounds the call to battle and shoulder to shoulder with the multitude we face the sterner problems of feeling, spirits fortified by faith, and hands endowed with skill. And thus, as times grow more complex and new issues present themselves for our working out, we become the better able to solve them. Life is never anything but a friend whose friendship cannot be doubted so long as we ourselves are faithful.

Since, in the final analysis, you are the architect of your life, may I wish you joy in your endeavor.

Sincerely yours,

W. P. Durrett,
Principal

ENGLISH: Words Weave the Fabric of Expression

In Mr. Moreland's college English class, students listen attentively as he lectures.

Could it be that a dictatorial influence has entered into Mr. Mehaffie's discussion of American literature?

Dedicated is the word which applies when describing the instructors in Kimball's English department. Ever striving to aid the student, they seek to elevate his understanding of literature and to expand his working knowledge of grammar.

In addition to the conventional courses of sophomore, junior, and senior English, the department offers for the first time this year an advanced course of college English for those who are qualified to take advantage of its opportunities. Furthermore, due to last year's success, a special Advanced Placement and Study course is again available after school for the enterprising student.

Active participation in the Dallas Council of World Affairs and the Dallas United Nation Association are primary interests of the Social Studies Department. Mr. Steve Ellis is the current vice-president of the Dallas Council of Social Studies, of which all Kimball Social Studies teachers are members.

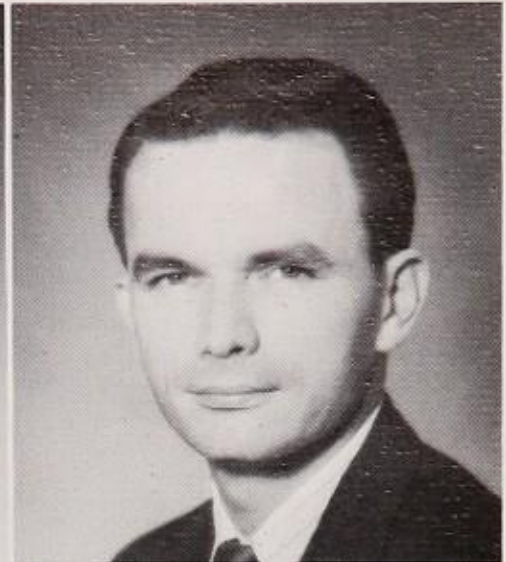

In-Service Training Programs for Social Studies teachers were created by our Social Studies Department and received wide acclaim throughout the city. One of the most enlightening clubs at Kimball, the Current Events Club, is sponsored by the Social Studies Department.

Ever aware of the responsibility they have to teach truth and logic to the students, Kimball teachers strive to be the best informed and learned instructors possible. Participation in the above mentioned activities helps them reach that goal.

A pupil can certainly be no better than his desire to learn and the instructor who teaches him. This is especially true in the field of mathematics. This fact shows why any student at Kimball has an excellent opportunity to make great advancement in mathematics so long as he has the desire to learn. In the past the Math Department here has been known for its excellence and its ability to produce fine students.

With an ever growing need for a superb knowledge of mathematics in business, industry, and science, the Kimball Math Department is doing its part by offering more courses in theoretical and applied math. Included in the courses now being given here are standard subjects such as Algebra, Geometry, Related Math, and Arithmetic. For the advanced student more involved courses of Trigonometry, Geometry III, and Calculus are offered.

For the second year in succession a night class is being given in Data Processing for the student desiring to further his knowledge of this important field. With such a course as this, it is easy to see why the Math Department at Kimball is one of the best.

Advanced courses in Chemistry, Biology, and Physics supplement the regular science curriculum to give Kimball one of the most exciting and complete science departments in Dallas.

Biology classes held after school combined with an active science club serve as outlets for enthusiasm carried beyond the classroom. Besides being well equipped, the library is organized in such a manner, that students can find things easily by using the card catalogue. Kimball has been provided with an abundant amount of books through a new law, the Elementary and Secondary Education Act. Among the new books, Kimball has received many concerning European history for the advanced history students.

Emphasis in Kimball's home economics department is not placed primarily on culinary and sewing skills. A new theory of instruction instigates the relationships in the home. These areas of development are included in each of the following; clothing and textiles, food and nutrition, housing and home management, health and home care of the sick, and child development. These methods were practically applied this year when a group of home economics students entertained kindergarten children at a party which the students planned themselves.

INDUSTRIAL ARTS: Skills Translate Blueprints Into Realities

Skill in manual labor is not the only advantage of the Industrial Art Department. Students also learn to appreciate and evaluate quality in manufactured products. This year many drafting students participated in a contest sponsored by the Dallas Homebuilders' Association. Skill as well as practical application is of contest value in judging these architectural drawings. In May, all the departments of Industrial Arts prepared for the annual Crafts Fair.

ROUNDTABLE

The final test of a leader is that he leaves behind him in other men the conviction and the will to carry on. The genius of a good leader is to leave behind him a situation which common sense, without the grace of genius, can deal with successfully."

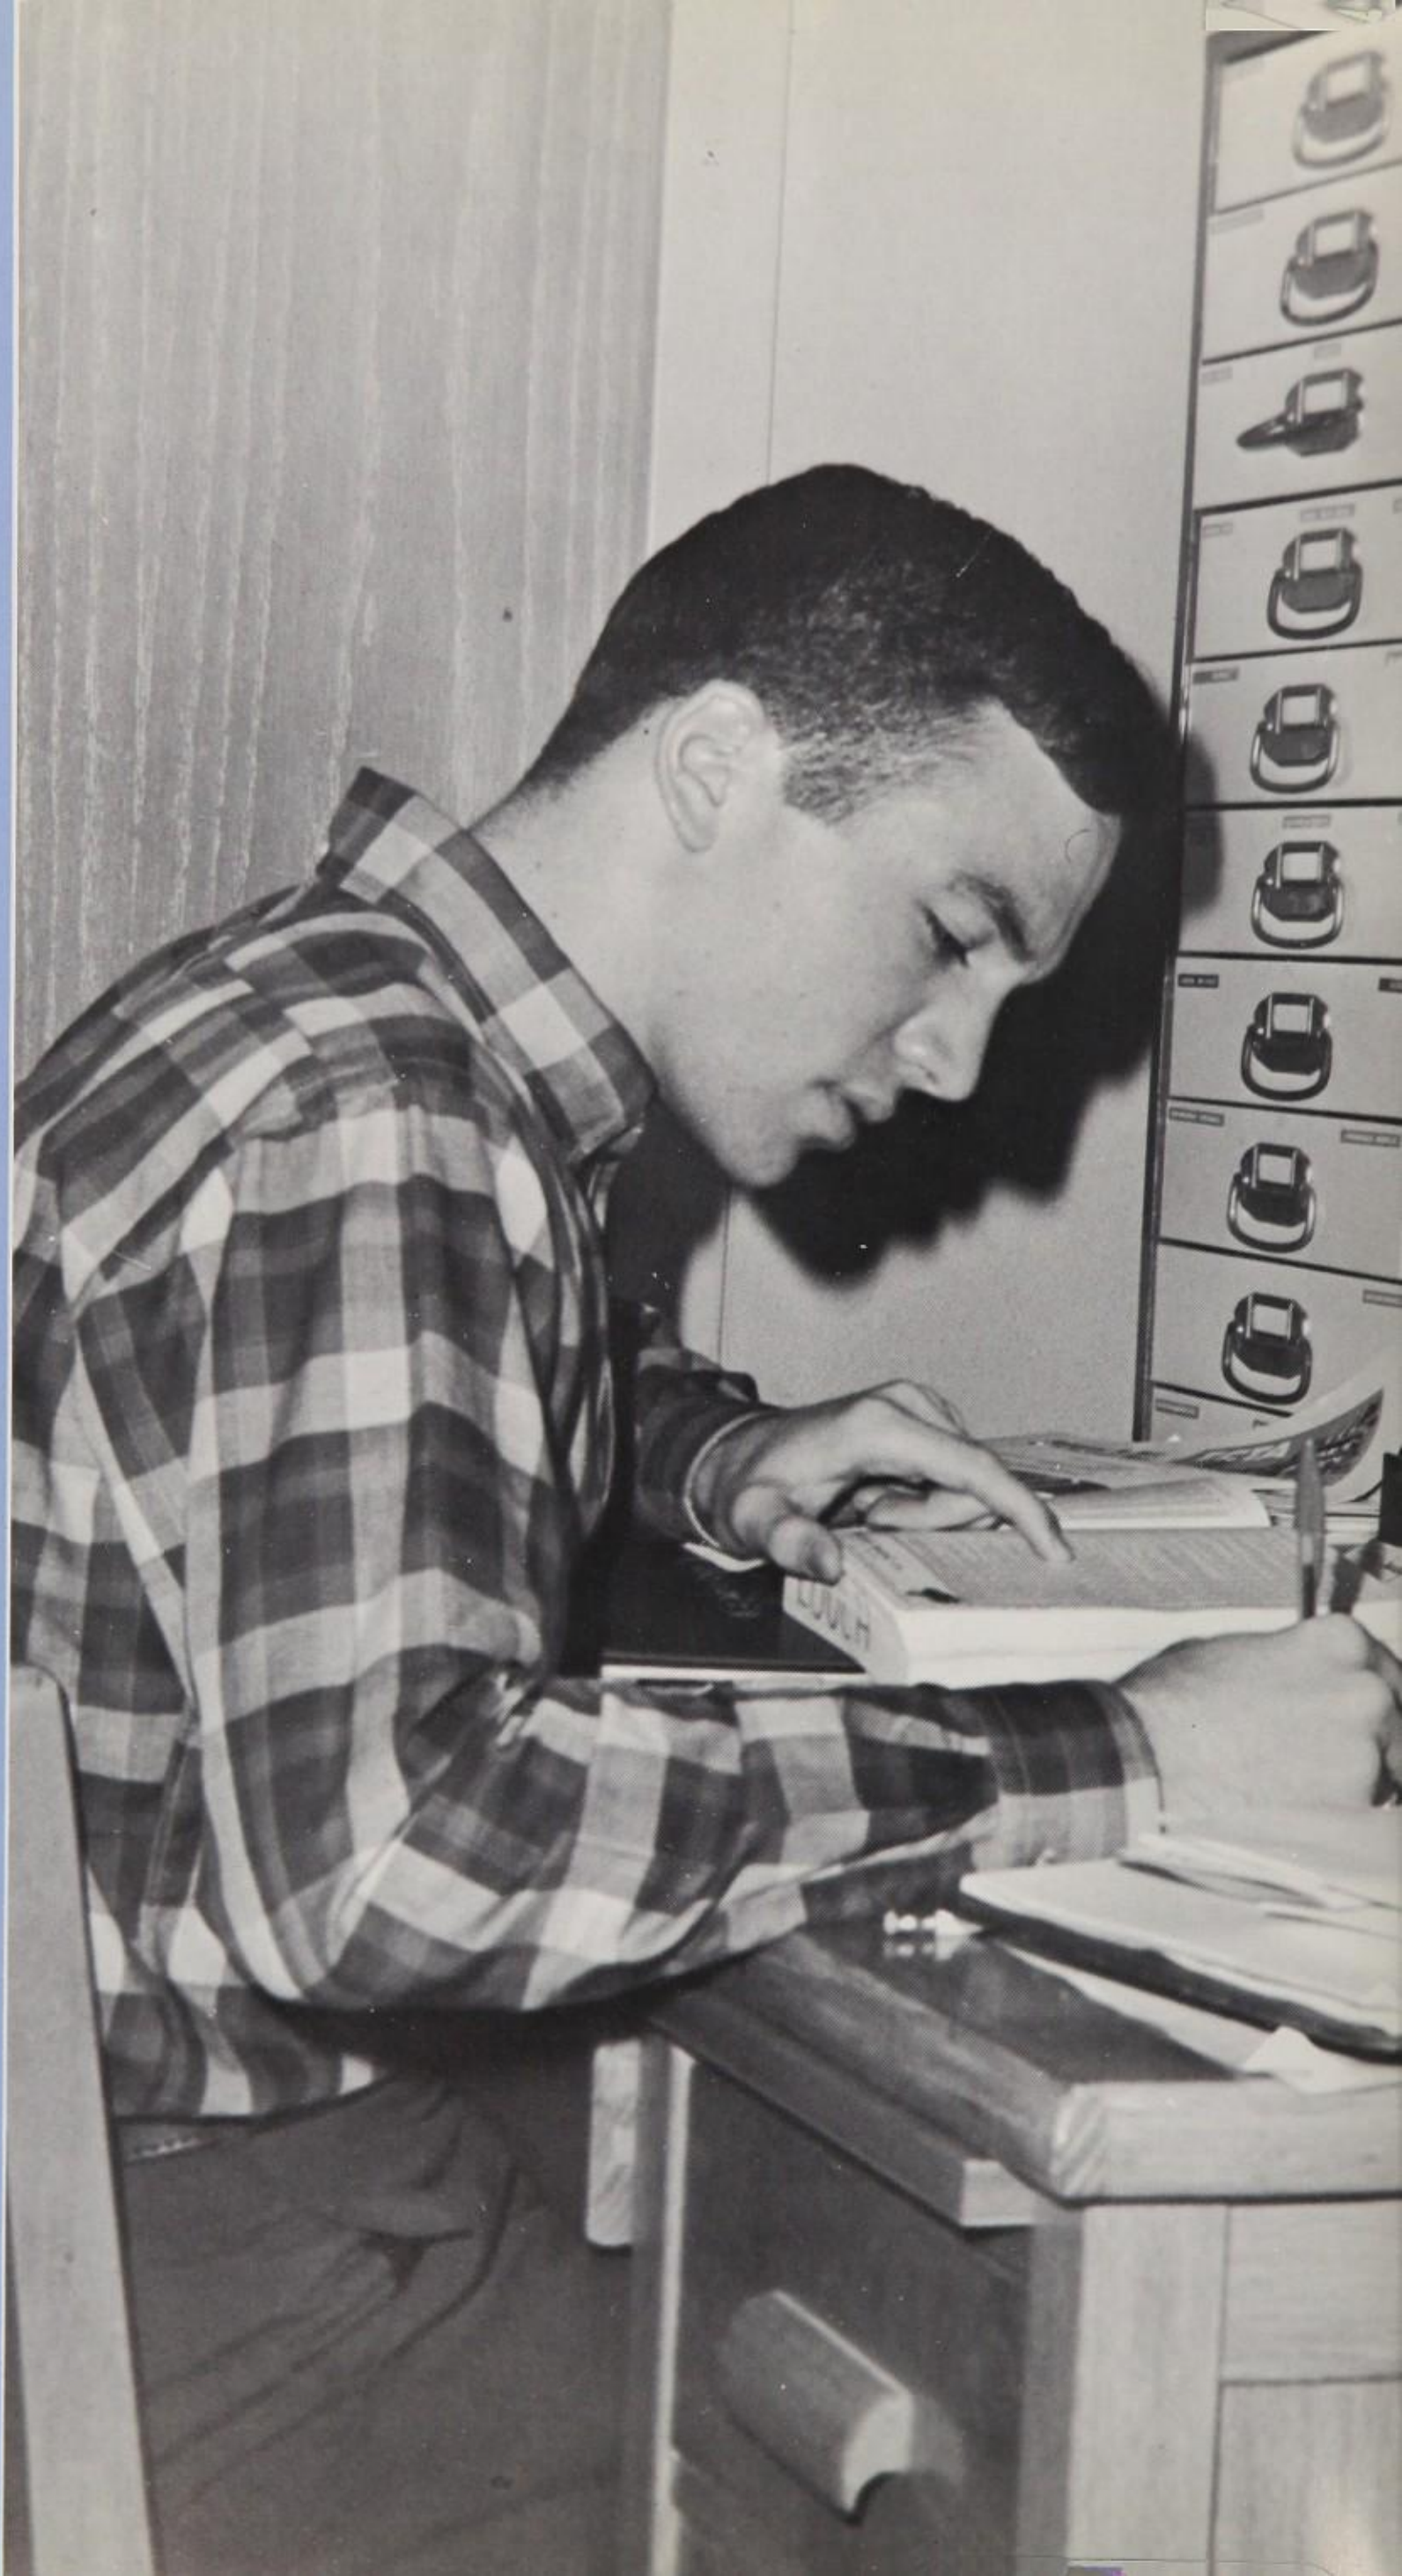

—WALTER LIPPMAN

Billie Couch

An aspiring Methodist pastor, Billie Couch has already proven his dedication to serve at Kimball High School. Billie's life has become a kaleidoscope of activity, ranging from Science Club Vice-President to Student Council Representative.

A great intellectual capacity interwoven with a genuine concern for others has warranted his election to the National Honor Society. Billie's talents have not been overlooked by his contemporaries as he was elected Senior Class President and Senior Boy Most Likely to Succeed.

A participant in the Lions' Club Youth Exchange Program to Norway, Billie Couch represents an international symbol of service.

Danny McCammon

If any individual might fulfill the image of the ideal American boy, Danny McCammon would be an avid contender—a scholar, an athlete, and an out-going personality.

In the area of scholarship, Danny has been the recipient of a Letter of Commendation from the National Merit Foundation. His scholastic achievements have merited his election to the National Honor Society.

A letterman in track, Danny has become one of the city's keenest competitors in the broad jump. Having been selected President of the Student Body only reaffirms one's faith in Danny's character.

As a small token of gratitude, the Student Council selected Danny as Student of the Month of November.

Gary Bailey

Easy-going and unassuming have been the passwords by which the door of success was opened for Gary Bailey. Having received a Letter of Commendation from the National Merit Foundation has not altered Gary's complete humility. As well as having proven his intellectual superiority, he has exhibited common sense in making decisions as Business Manager for the *Excalibur* Staff. Certainly Gary has justifiably earned his membership in the National Honor Society.

Lowry Messenger

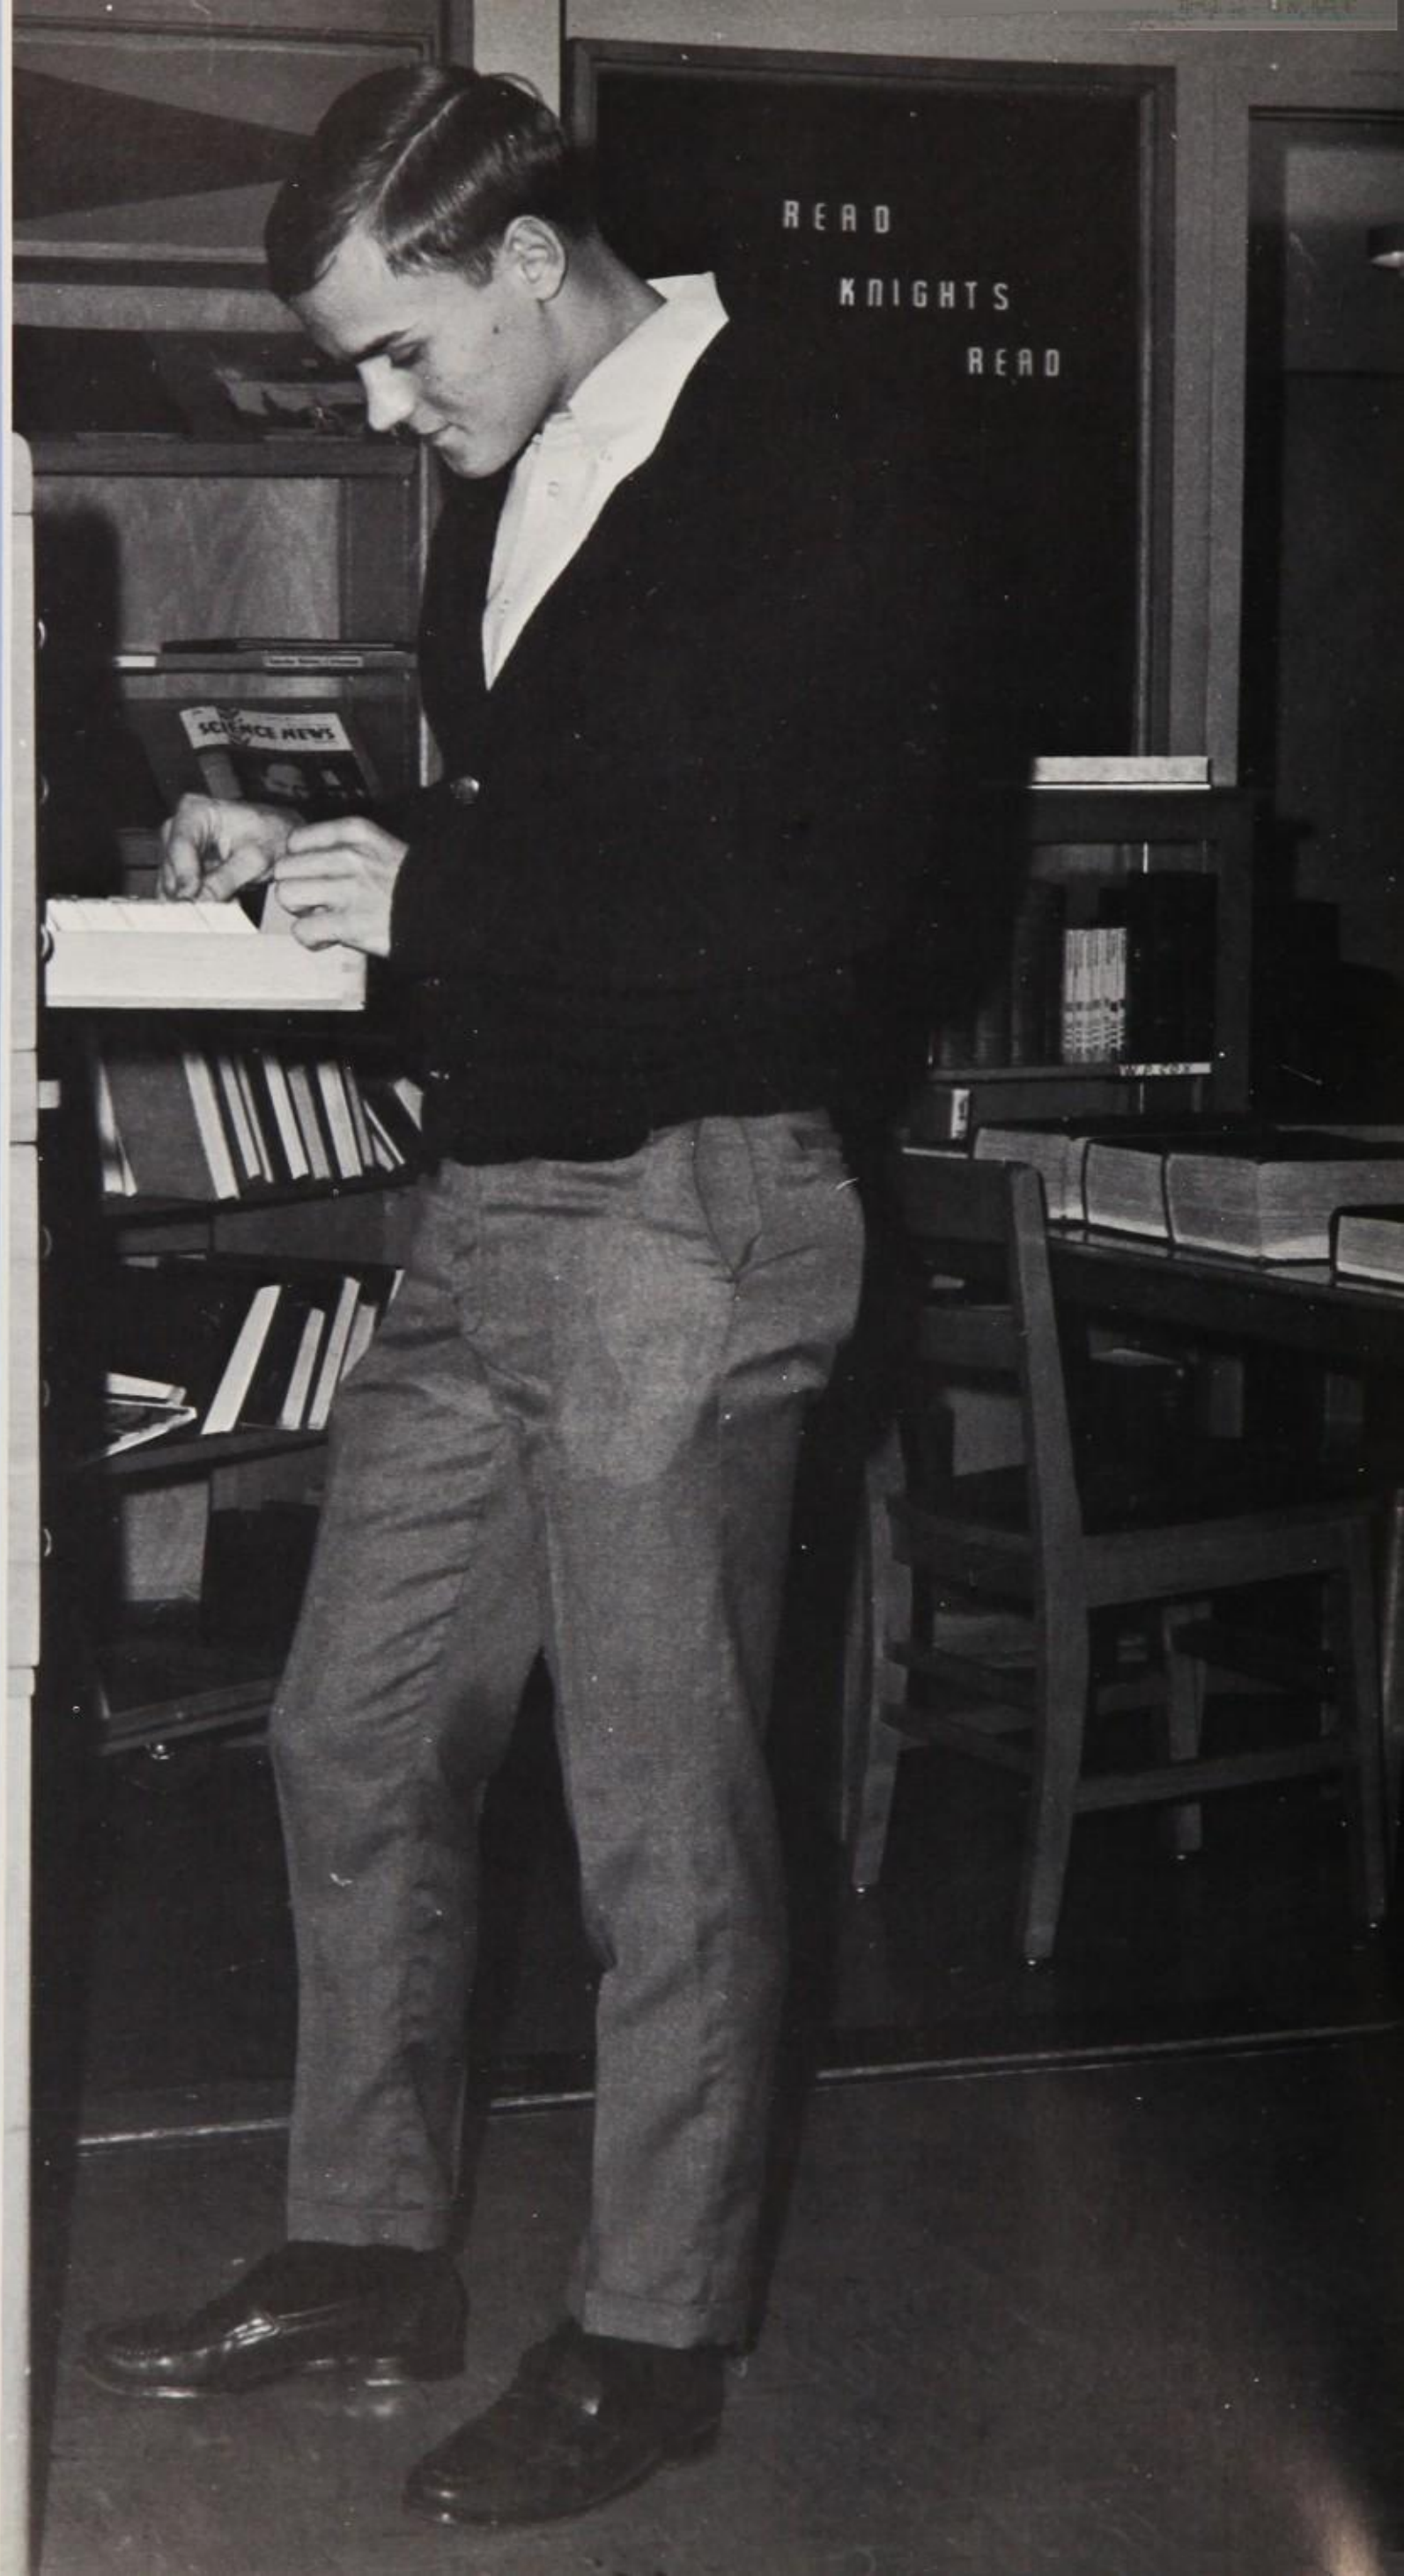

A curious mind willing to accept change has established Lowry Messenger's reputation as the "scientist's scientist." Lowry's endeavors in local and regional science fairs have earned him the respect of his fellow students.

Having served as President of the Science Club and as Representative to the Nuclear Physics Seminar, Lowry has sought to improve the world, as well as himself. Lowry's achievements merited national recognition when he received a Letter of Commendation from the National Merit Foundation. Leading the scholastically elite, Lowry Messenger has been selected as Vice-President of the National Honor Society.

Gary Freeman

Whether it be a Civitan Scholarship to an Americanism Seminar or an invitation to lead the yells for the Dallas Cowboys, Gary Freeman has been willing to accept responsibility as a student and as a citizen. Gary has given of his time and effort to participate in the 1966 production of "Carousel".

Perhaps his role in the preparation of pep assemblies was even a greater challenge while Gary performed his duties as cheerleader. As a member of the National Honor Society, Gary exemplifies the image of an influential citizen of the future.

Marc Hall

A keen sense of values intermingled with a refined character are the primary constituents of a unique personality, Marc Hall. Having served as President of the National Honor Society, Marc has changed the destiny of a Korean Orphan by sustaining the child with funds raised by the National Honor Society.

Perhaps Marc's concern for the underprivileged was stimulated this summer while he toured Italy as an exchange student. Marc has promoted international relationships as a member of the Spanish Honor Society and as an officer in El Sol.

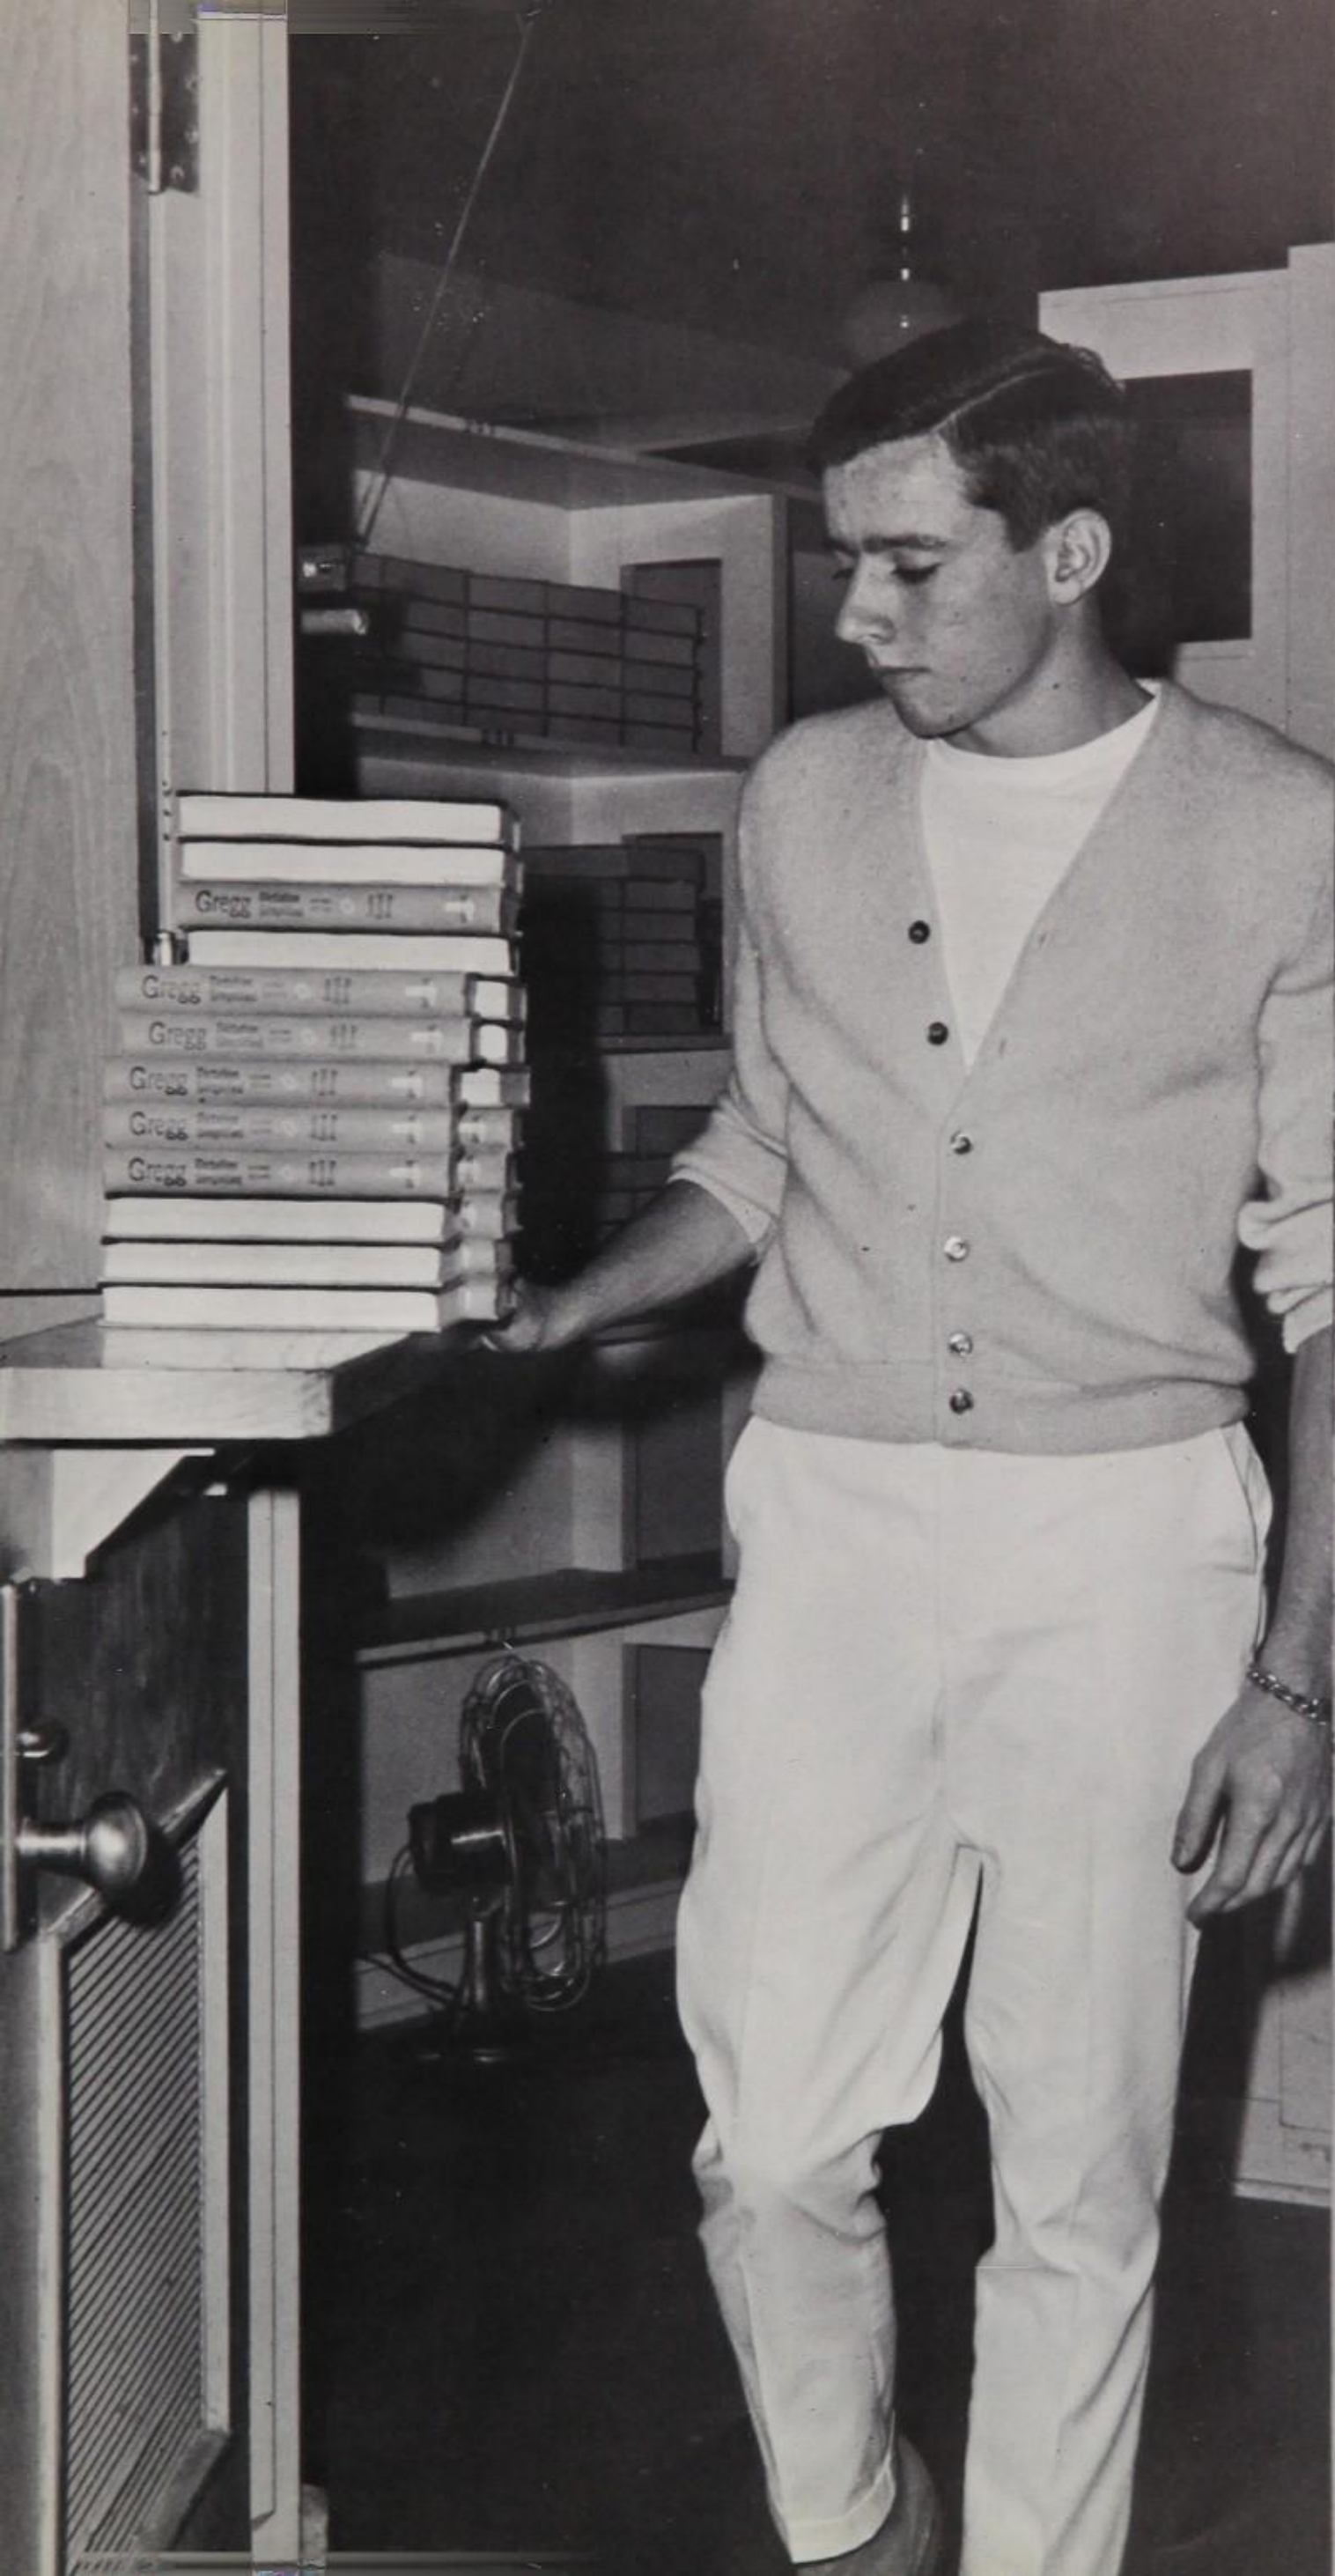

A capable worker, Marc has served diligently on the *Excalibur* Staff. Certainly his accomplishments do not end with graduation, it will only be a beginning. Next fall, Marc will continue his studies in pre-medicine at Southern Methodist University.

Janelle Guinn

Experience has been the key to success in the case of Janelle Guinn. Perhaps it was obtained while acting as the Lion's Club Representative to Italy, serving as Vice-President of El Sol, or Secretary of the Dance Club. At any rate, Janelle Guinn has a special talent for understanding people. Indeed, a rare quality!

Whether performing on stage as a pianist or on the field as a Troubadear, Janelle maintains a high degree of perfection in all her endeavors. Her accomplishments were recently cited when she received the D. A. R. Citizenship Award.

Scott Moore

Scott Moore has justifiably been called the spirit of Kimball High School; the kind of spirit that never dies. Kimball, a giant in every aspect of education, has been built by students like Scott Moore who feel a responsibility to maintain its traditions. His spirited enthusiasm has become contagious to all his associates.

Sincere congeniality in addition to a keen wit contributed to Scott's success as cheerleader. An outstanding personality has never been overlooked by society and Scott Moore was no exception having been selected as Friendliest Senior Boy.

Belita Moreno

Life has become a complicated computer void of simplicity. Luckily, there are always those who will hold precious the beauty of simplicity. Belita Moreno is one of those persons who takes a pride in living. An authority on Mexican culture, Belita has fostered international relations serving as President of the Kimball Chapter of the Pan American Student Forum.

However, Belita is equally at ease on the stage as in the classroom. Her portrayal of Mrs. Bucksley in "A Different Drummer" has been acclaimed by Dallas critics as the most professional performance displayed by a high school student. Her ambitions are not confined to the realm of Kimball High School, Belita's future plans include acting at Theatre Three.

Eddie Beckham

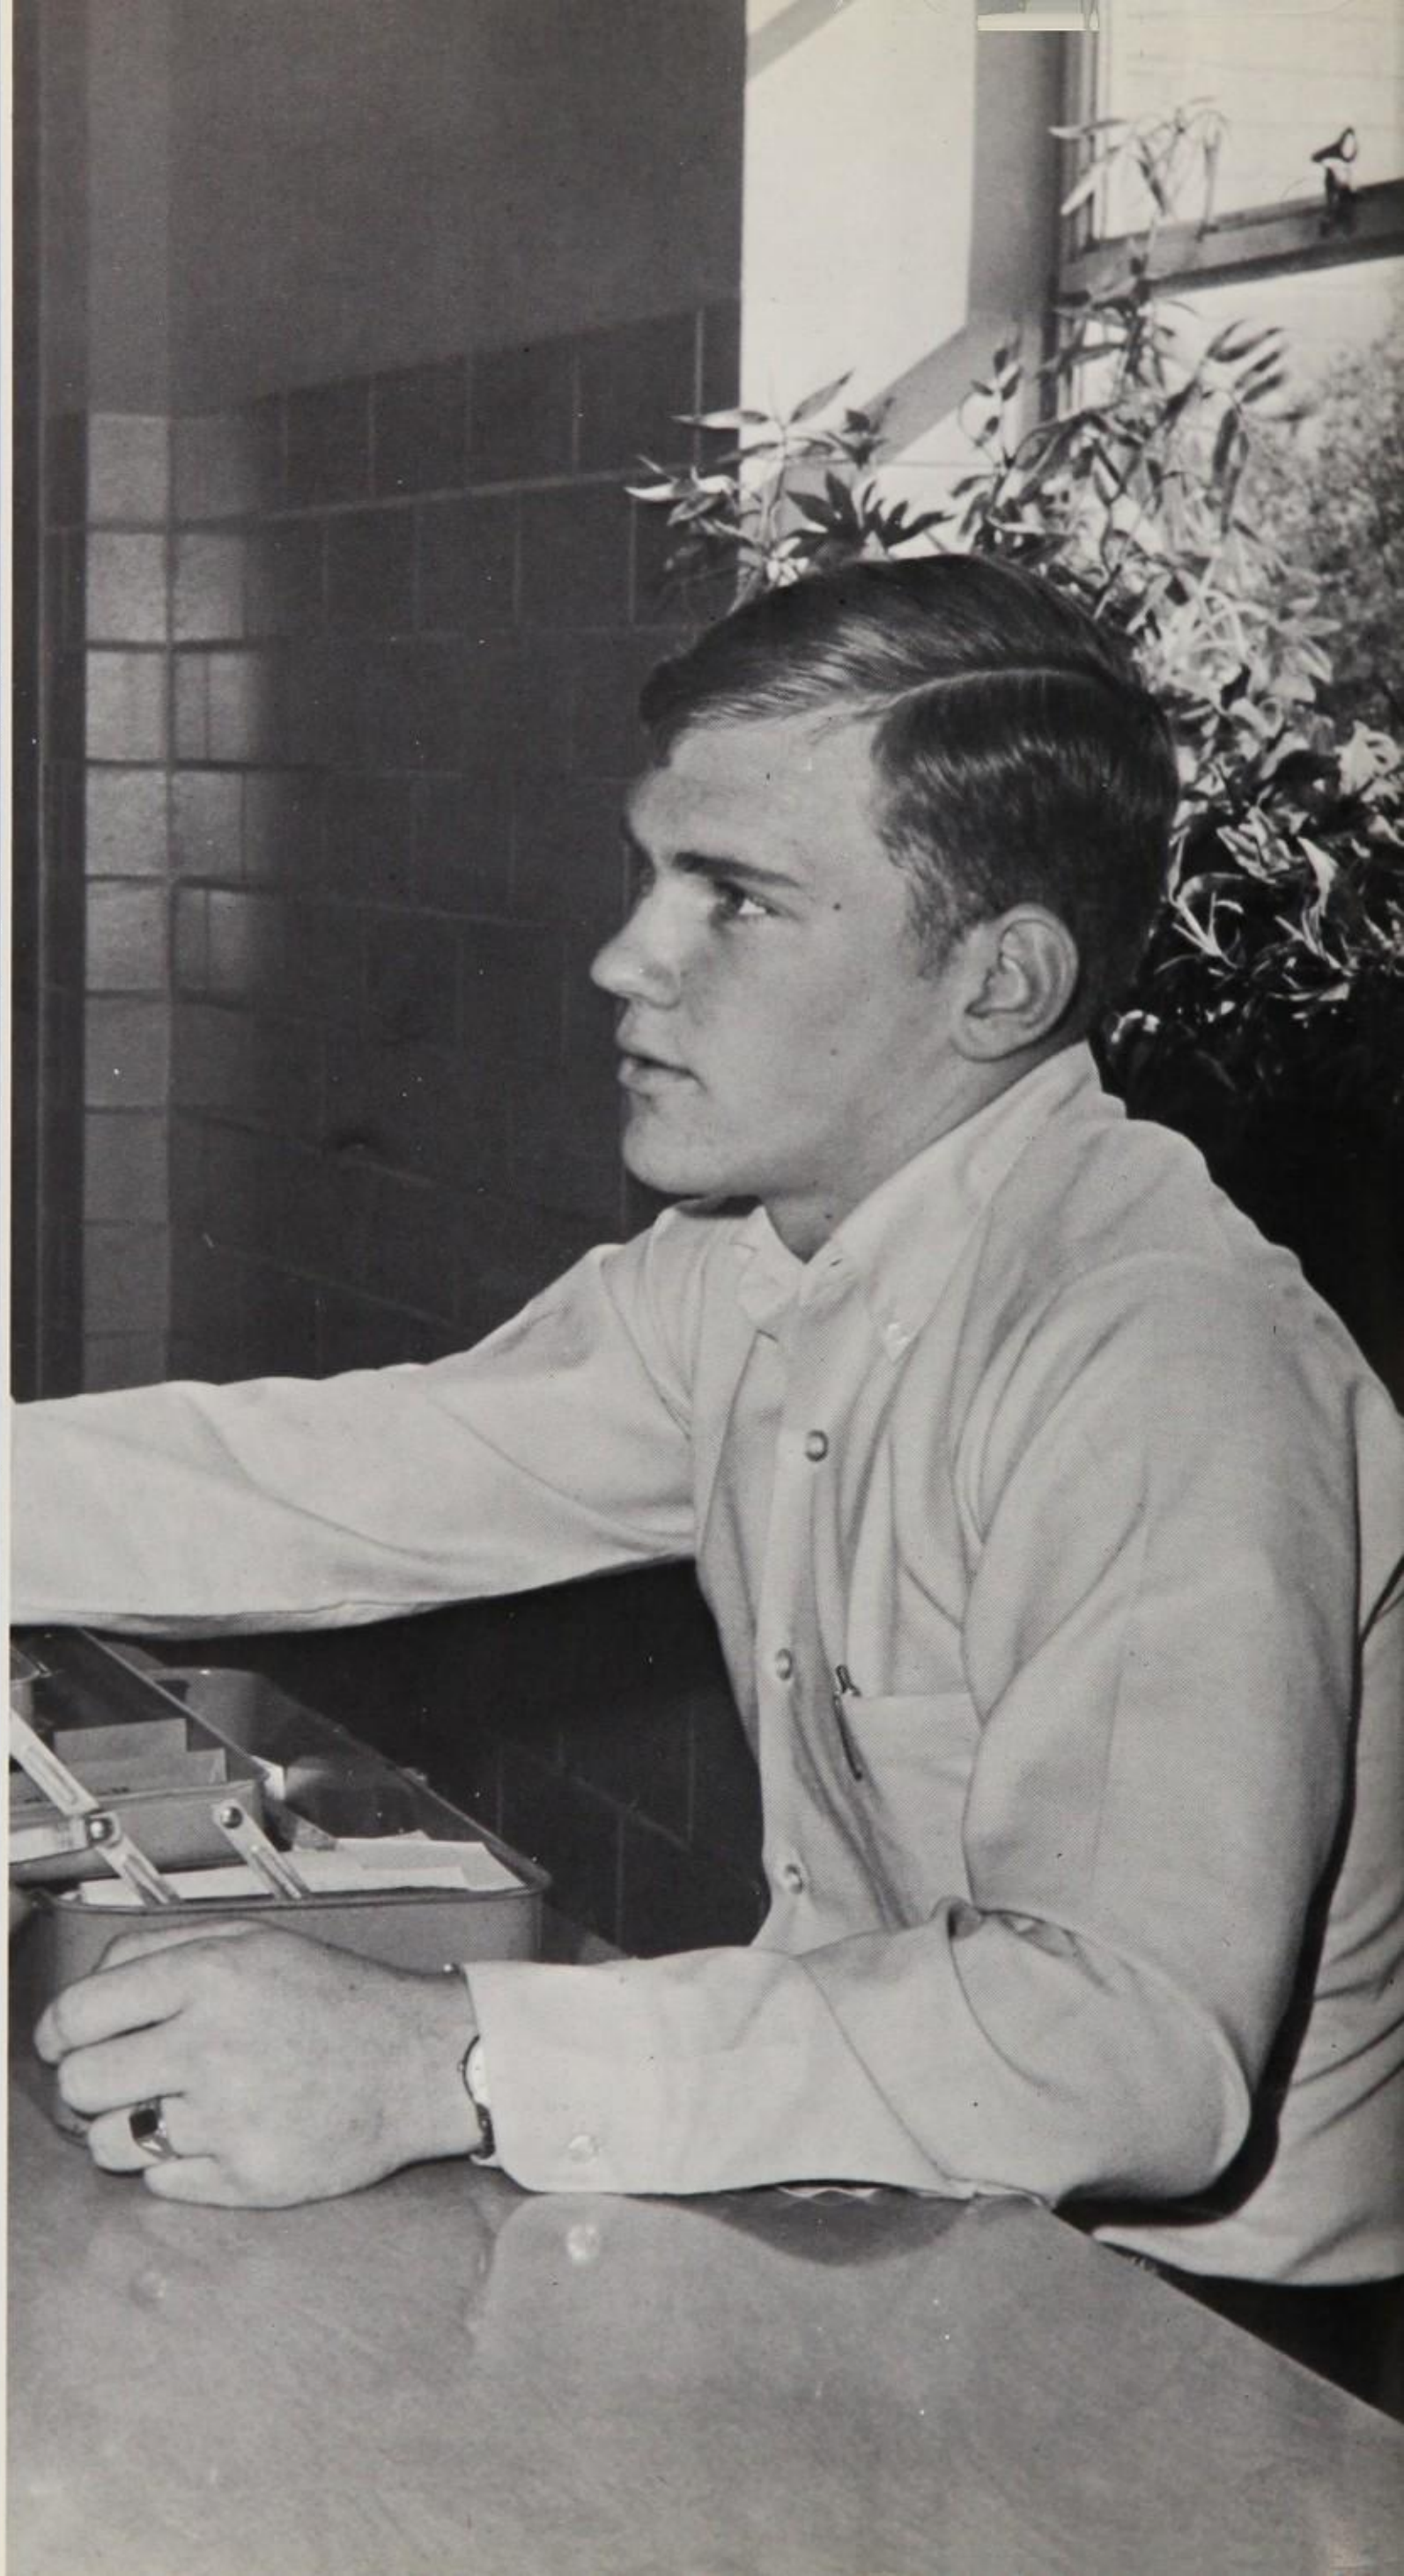

Musical ability and scholastic aptitude are synonymous with the name Eddie Beckham. Unlike many musicians, Eddie possesses the talent to interpret music as well as to perform its interpretations. Distinguishing himself as a member of the Knight Band, Eddie was selected as Drum Major for the 1966 Marching Season.

In examining Eddie's scholastic record, it is no coincidence that he was a recipient of a Letter of Commendation from the National Merit Foundation. In addition to these honors, Eddie was also selected as a member of the National Honor Society.

Jerry Moore

It is rare for one to excel scholastically and athletically, but Jerry Moore has set a precedent in both fields which will not soon be forgotten. A tri-captain in football, Jerry Moore seemed indestructible even in the face of defeat. His determination was not left unrecognized as Jerry received Honorable Mention on the All-City Football Team.

Jerry's determination to succeed has not been confined to the football field; his scholastic achievements are personified through membership in the National Honor Society. Being selected as Most Popular Senior Boy confirms Jerry's title as the epitome of versatility.

Leria Lewis

She has the confidence of her fellow students, the respect of her instructors, and the admiration of all who know her. Leria Lewis personifies excellence of service to her school and embodies the qualities of a true leader.

As Editor-in-Chief of the *Excalibur*, she displays the strength of character and perception necessary for a person in such a prominent role. The esteem of her fellow students is evident by the fact that they voted her Senior Girl Most Likely to Succeed.

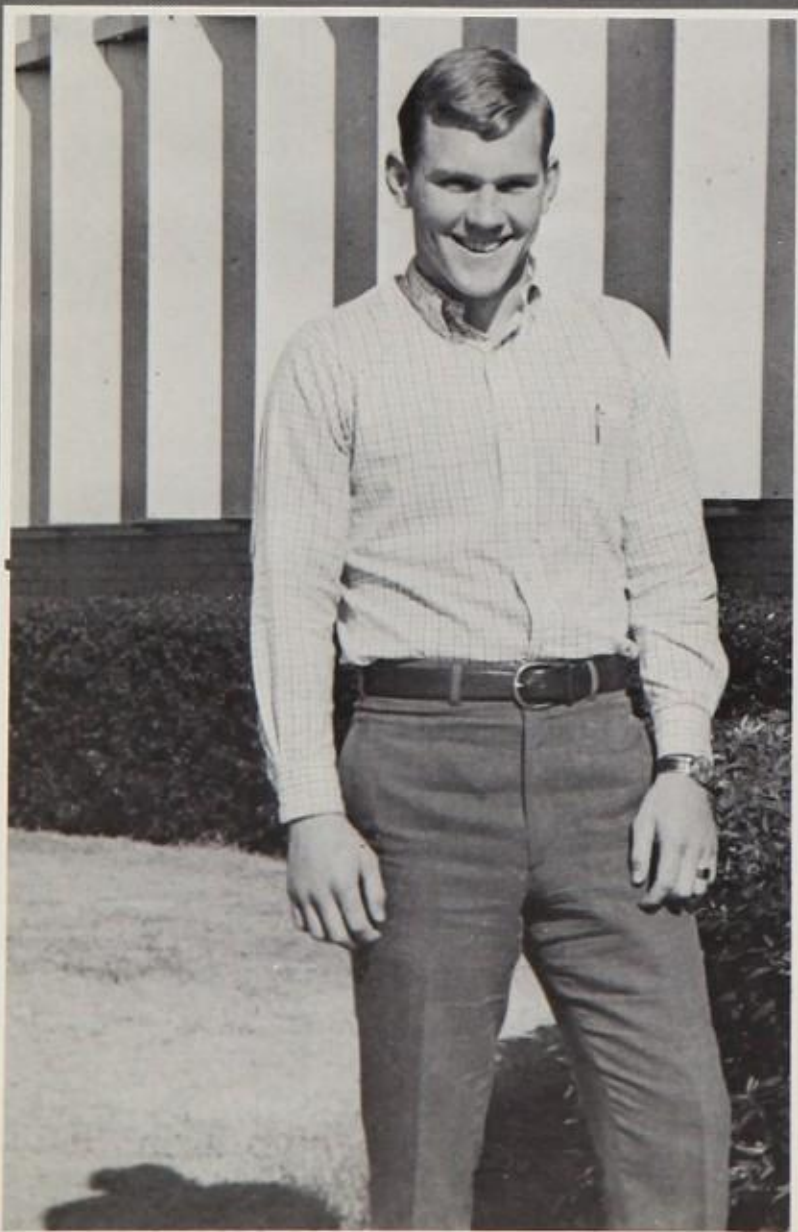

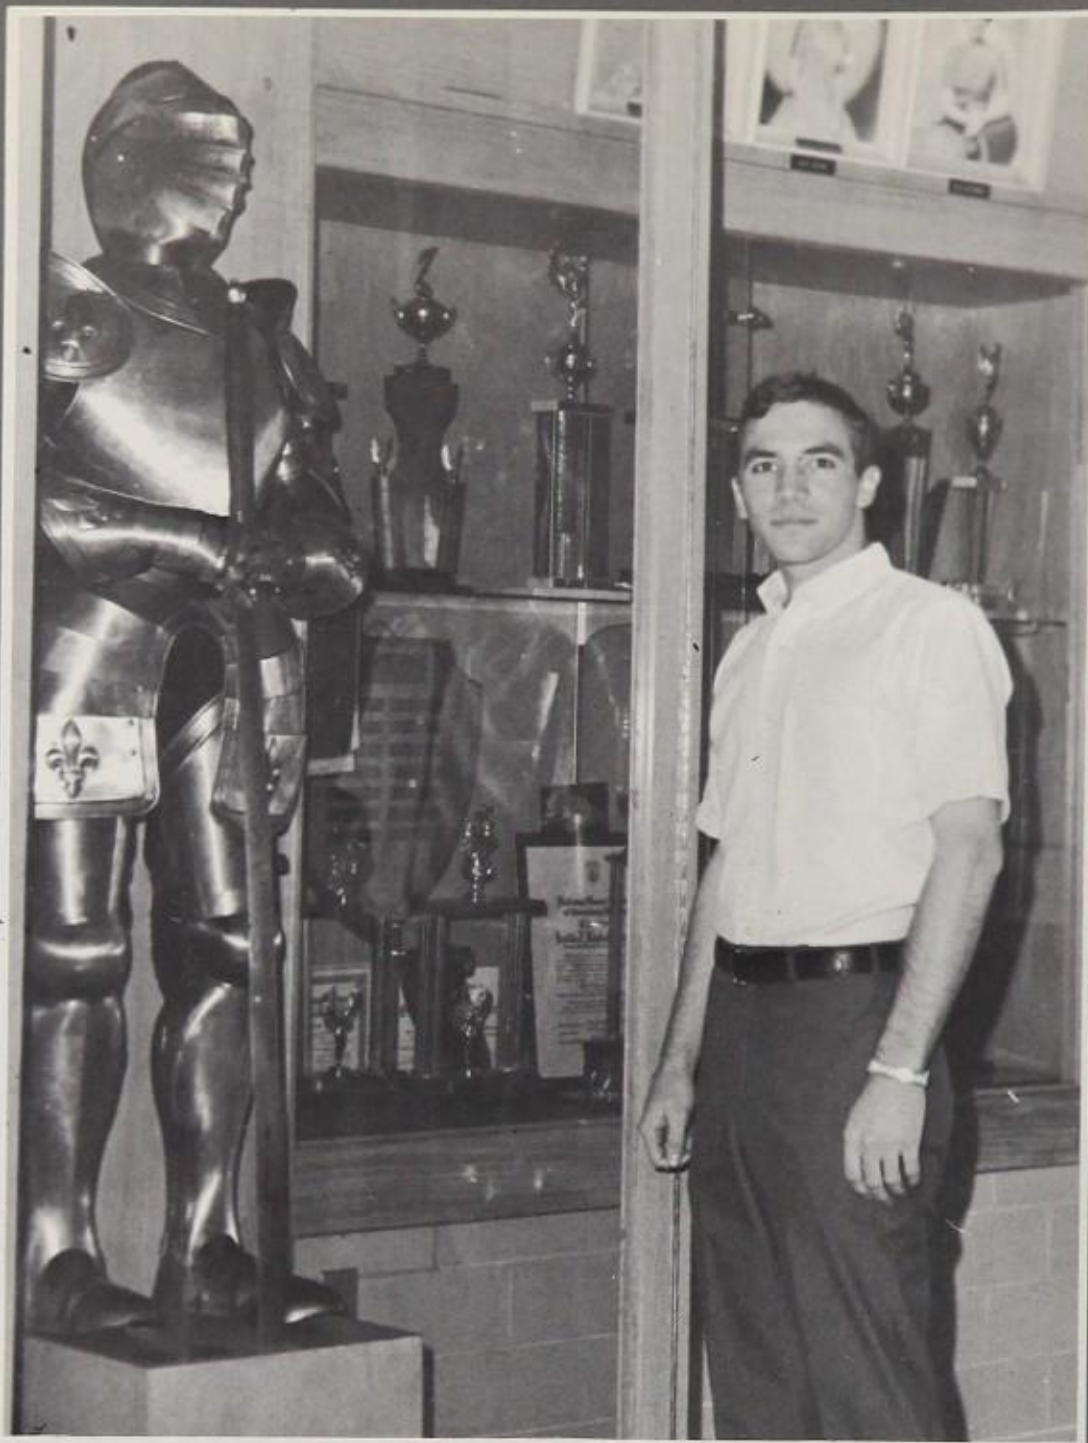

Serving for two years as a majorette, Leria mixes classroom perfection with spirited competition on the field. Despite a lack of time, Leria regularly attends Student Council and National Honor Society meetings as a member.

SOPHOMORES

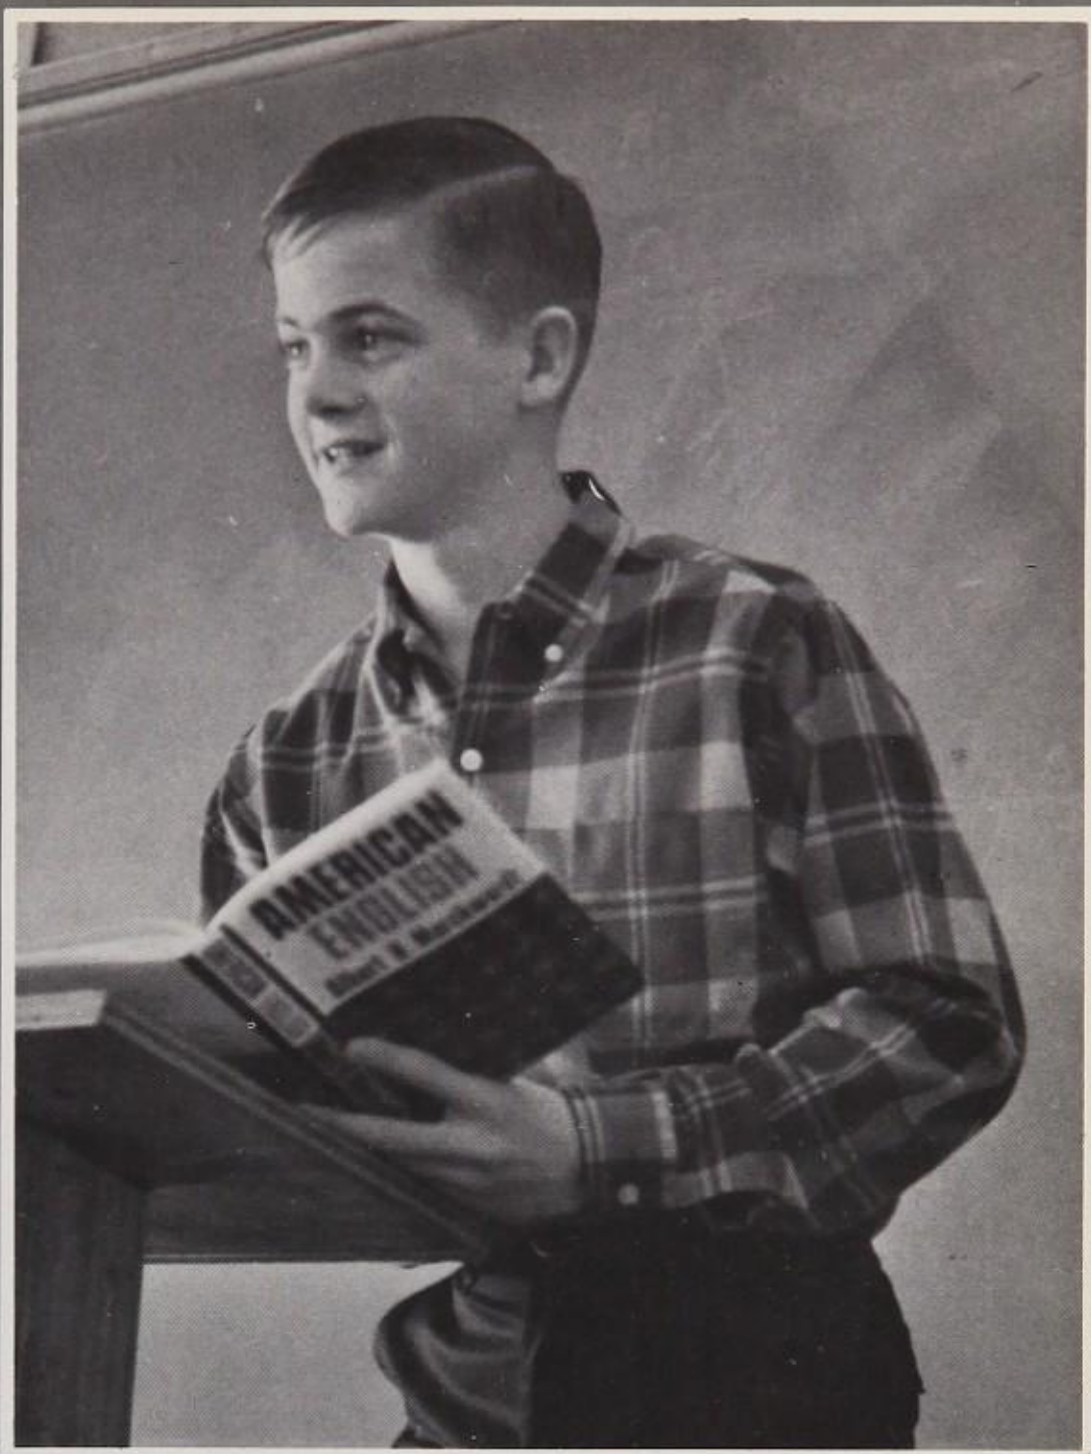

"Be Patient, O be patient! Put your ear against the earth;
Listen there, how noiselessly the germ o' the seed has birth!
How noiselessly and gently it upheaves its little way
Till it parts the scarcely broken ground, and the blade stands up in day."

Juniors Tucker Bishop, Kenny Winn, Pat Byers, Terry Bilhartz, and Karol Hoeffner show that hard work is a trademark of the EXCALIBUR staff.

Seniors Anabel Richards and Lowry Messenger work hard to get pages ready for shipment.

Marc Hall helps with massive job of laying out senior pages.

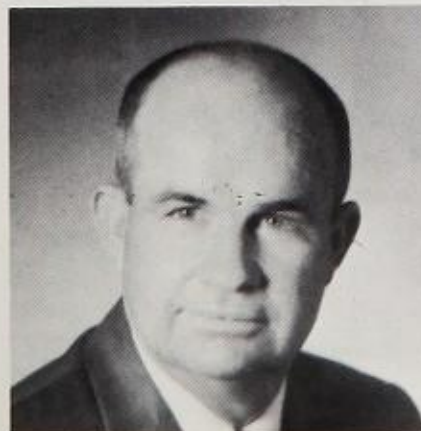

If ever hard work could be used to describe an EXCALIBUR staff, this year's staff has certainly earned the label. It has always been a traditional goal to better the preceding year's EXCALIBUR. Of course, this year has been no exception, and we believe that this goal has been achieved.

This year the staff sold \$2,000 in ads, \$500 more than any previous year. All of this extra money has gone into extra color, a new kind of paper to add some variety to this year's book, and in short to improve the book as much as possible.

Finally, all this effort has gone to make your EXCALIBUR the best ever.

Journalists Report Latest News to Kimball Readers

MRS. SALLY SKILES
Sponsor

Kimball's *Knight Life* Staff of 1967 deserves high praise for the production of excellent bi-weekly newspapers. Preparations for such outstanding papers take many hours of planning and work. Besides informing Kimball students of current news and events, the *Knight Life* presents college and student spotlights, interviews, editorials, and sports accounts. Under the helpful guidance of this year's sponsor, Mrs. Skiles, the *Knight Life* Staff has reached its goal of an interesting and informative newspaper.

Corresponding Interests Link Knight Life And Excalibur Staffs

During the processes of producing a bi-weekly newspaper and an annual, the *Knight Life* and *Excalibur* Staffs sometimes find time for recreation. The *Excalibur* Staff has frequent get-togethers, such as summer picnics, holiday banquets, and proofreading parties. Both the *Knight Life* and *Excalibur* Staff attend a Quill and Scroll banquet in the spring.

Co-editor Andrene Cash discusses publishing of paper with Mrs. Skiles.

Wonders never cease in the annual room!

Carol Gillett assists Leria Lewis in planning *Excalibur*.

Distributing of *Knight Life* on Tuesdays is a big chore for the staff.

HONORARY SOCIETIES

National Honor Society Aids Less Fortunate in Korea and Dallas

A Korean orphan, No Kyung Soon, and the underprivileged children of East Dallas are happier after the efforts of the Kimball National Honor Society. Members have given freely of their time to entertain and aid the needy in the Dallas area. They have also adopted No and are helping her to be a better citizen and a credit to Korea.

Members are elected to the Society by the faculty. To be chosen they must display extraordinary qualities of Scholarship, Leadership, Character, and Service.

SERVICE ORGANIZATIONS

Student Council Channels Student Initiative

Excellent leadership by dedicated officers has made possible one of the council's most active years. Informative monthly lectures by Dr. Tom Shipp, honoring a student and teacher each month, and sponsoring school dances are a few of the worthwhile activities performed by the Student Council this year. Activities reaching beyond Kimball's boundaries include collecting pennies for Christmas, serving on movie censorship boards, and presenting "Goals for Dallas" assemblies. Effective and constructive service is the trademark of Kimball's Student Council.

Art Club Indulges In The Appreciation Of Creative Talents

Interested art students are given the opportunity to expand their creative and artistic talents through the club. The purpose of the Art Club is to give its members art experiences which they are unable to obtain in the classroom. Frequently the members enjoy cultural activities by going to museums and gallery shows.

Though the art club promotes interest in art, the club also serves our school. Several times during the year the art club is called upon to make posters for such things as the Junior and Senior Plays, and they also give their assistance in helping with the Sweetheart Coronation decorations.

Choirs Maintain Excellence Throughout Busy Schedule

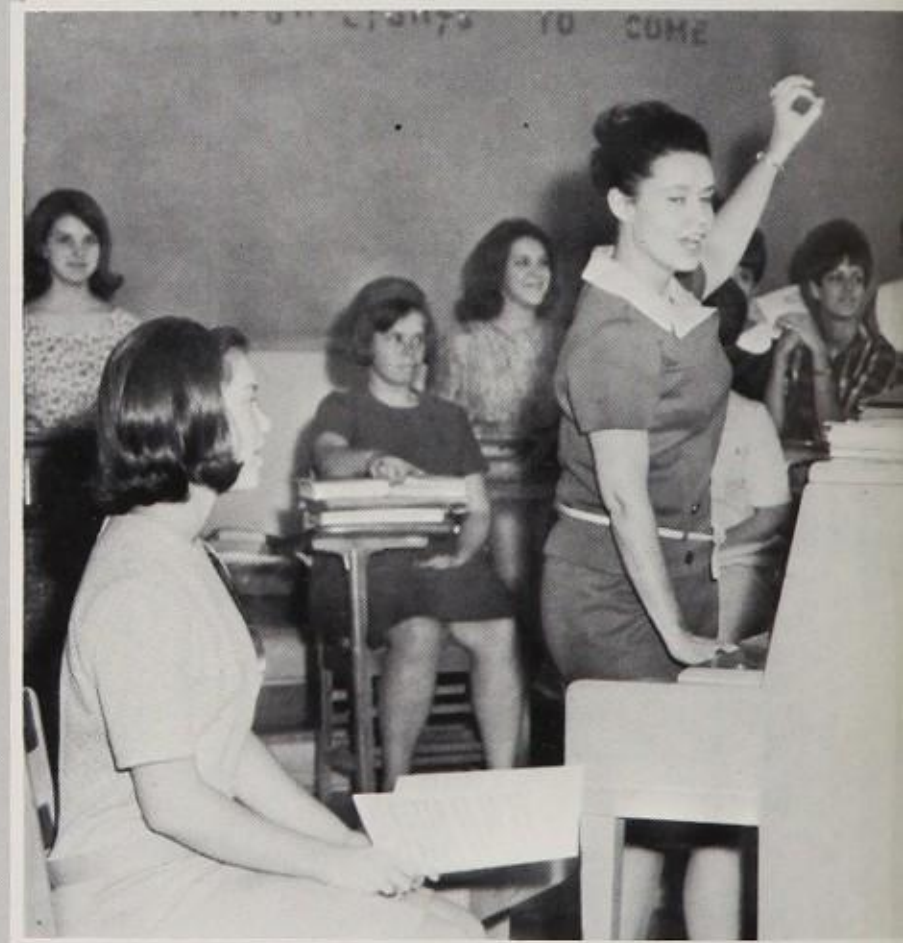

Miss Martha Hayes,
Director

Kimball's choral department includes two training choirs, the sophomore select, and the special mixed choruses, and two performing choirs, the girls chorus and the concert choir. Miss Hayes' first year as choir director was a busy one, although she never failed to bring out the best in the choirs. Highlights of the year were performances at Christmas, in *Bye Bye Birdie*, and on KERA television.

CONCERT CHOIR OFFICERS: from the top and the left:
Dennis Adams, Lucy Holsonbake, Don Gillespie, Gary Cordray,
Julie Mills, Richard Shuler, Cindy Garrett, Phil McAlpine,
Sandy Beasley, Vickie Henning, Billy Cunningham.

One of many practice sessions

Concert Choir

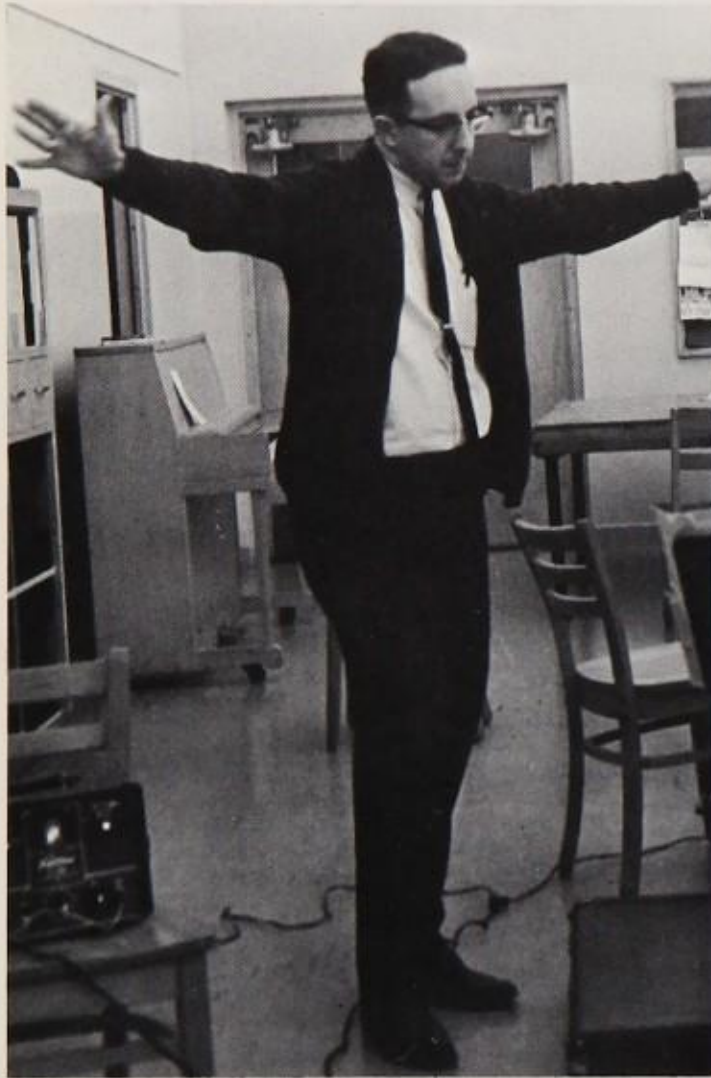

Students must sing in one of the training choirs at least one semester or show outstanding ability to be eligible for membership in the concert choir or girls chorus. Audition performance, school citizenship, and character are also considered in their selection. Members find that singing perfection does not come easily. Fortunately, the hours of practice are offset by parties, love of singing, and sense of achievement.

Girls Chorus

Knight Beats Foster Individuality

Do the Freddie!!

Deep concentration—a necessary trait of all Knight Beats.

The Knight Beats, an organization of jazz musicians, devote their time working with original musical interpretations of modern themes. Under the direction of Steve Bayless the Knight Beats are welcomed at various school activities. The Knight Beats, true musical non-conformists, typify the new age of music with their new and unique jazz patterns.

The Knight Beats

The Kimball Orchestra

"Bye Bye Birdie" Accompanied by Orchestra

The orchestra, many of whom are members of the Allstate Orchestra and the Dal-Hi Symphony, strive for perfection. The Kimball musical, "Bye Bye Birdie", and numerous serious assemblies, such as the one at Christmas, are the highlights of the year for the orchestra.

National Forensic League Arouses Student Interest In Debate

Under the leadership of Mrs. Mary Curtis, the National Forensic League of Kimball encourages all areas of forensics, including persuasive speaking, oratory, and debate. Speech students seeking membership in this honorary club must gain points by participating in forensic events. The well-known debate squad of Kimball successfully competes in contests with other Dallas schools throughout the year. Their success brings great honor to Kimball and its speech department.

Future Homemakers Sponsor Scholarship

Instilling the importance of becoming future wives and mothers and to have fun by learning is the purpose of the Future Homemakers of America. The goal of F.H.A. this year has been a Scholarship fund of \$500.00. The scholarship was awarded to a senior girl who plans to continue her education in homemaking. The seventy members raised money for the fund by selling cookies and by other projects during the year.

In Cotton Bowl

Eddie Beckham

From an instrument cleaning party to participating in the New Year's Eve Cotton Bowl Game, the 1966-67 Kimball Knight Marching Band has had a wide range of activities this year. Much of the Band's Christmas holiday was spent in practicing for the Cotton Bowl Game. Our band was one of five high school bands asked to participate in the show. These bands were from all over Texas. Not only was this an achievement for the Kimball Band, but it opened the way for other Dallas high schools to be asked to this event.

Band Officers 1967

During the first weeks of summer the band began to prepare for the coming events. Browne, Atwell, and Stockard junior highs lost about forty-five of its band members to the Kimball Band. The band, this year, has approximately one hundred members. Moving on into the fall, such well liked numbers as "Fever," "Work Song," "Girl From Impanema," "Cyrus the Great," "British Eighth," "Lonely Bull," "Spanish Flea," and numerous others helped football season get off to a quick start. November was the time for U.I.L. for the band. This marching and playing competition took place in Richardson. Excellent and superior ratings were awarded to the Band for their performance.

Concert season for the band offered many opportunities for its members and its audiences. The Dallas Music Festival and the Solo and Ensemble Contest were two of the Band's main projects during this season.

Majorettes Win National Competition

Four majorettes have achieved competitive perfection as they have become the only majorettes in Dallas who twirl eight batons simultaneously. These four talented girls entertained thousands of Knight football fans this year with original routines to such well known numbers as "Call Me." Not only have they excelled in the eyes of Kimballites, but they also were awarded first place in competition at summer camp at Cisco College.

Troubadears Enhance Half-Time for Fans

OFFICERS: Kathy Armstrong, Glenna Tuttle, Connie Hays, Cindy Garrett, Claudia Chambers, Diane Smith, and Jerri Giles

The Troubadears have always brought prestige to Kimball and the 1966-67 group is no exception. Football fans missed the excellent precision of this drill team the first two football games because of rain. However, the skies did clear and the girls participated in the rest of the half-time activities to favorite tunes such as "Fever". Under the leadership of Captain, Jerri Giles, the Troubadears marched in the Tenth Annual Cotton Bowl Parade broadcasted on national television. The year was ended with their annual performance at the Spring Game.

Being a Troubadear is well worth the sacrifice and hard work, for all who have seen their tremendous performances know the reward must be great.

Cheerleaders Supply The Makings of Tradition

Cindy Armstrong

Lynda Willis

Arousing the student body in a series of yells is not the only function of our cheerleaders. Aided by a new sign making machine, the cheerleaders have managed to plaster the walls of Kimball with spirit. Before the hectic football season began, they spent two weeks during the last weeks of August perfecting their skill at SMU summer camp. In competition, the cheerleaders placed every day winning first, two seconds, and a third.

Fleur-de-Lis Intensify Kimball Spirit

Half-time would not be complete without the performances of the Fleur-de-Lis card section. This year the two hundred and eighty-six members were complimented on all of their thirty stunts. Included in this year's new stunts were special tributes to the Homecoming Court, and also to our school opponents.

Through the hard work of the sponsors, Miss Peggy Jackson and Mrs. Billie Moomaw, and the officers, the club continued its high rating as an organization encouraging spirit.

What straight A's are to the scholar, a letter is to the athlete. It is the mark of physical excellence in a particular sport. The large number of Kimball athletes and the relatively small number of lettermen points out the difficulty in winning a letter. Separating the two categories are physical and mental determination, pride in one's own ability, and a tenacious will to win. These qualities bring letters to athletes. Membership to the Letterman's Club is gained by no other means.

There is one way to describe the 1967 basketball season: hair-raising and exciting. The Knights started off strong showing exceptional promise, for a relatively inexperienced team, in pre-season and tournament play. Doug Dean was additionally honored by being named to the All-Tournament Team of the Dr. Pepper Tournament.

As zone play started, Kimball set a school scoring record by bombing North Dallas, 93 to 71. After a very close loss to Sunset and a disastrous defeat at the hands of South Oak Cliff, the Knights went on to lose only one game the second half of zone play, which included a long awaited victory over the eventual zone champs, Sunset. Kimball thus finished second place in the zone. As a fitting reward, four Knights, Pepper Hoops, Doug Dean, Bobby Rollings, and Alan Lacy, were named All-City.

Although not sporting quite as good a record as last year's city champion B-team, the 1967 Squires certainly had nothing to be ashamed of. With a still excellent won-loss record, the team should help the 1968 varsity a great deal. Led by spark-plugs Denny Beall and Greg Duffy, the B-team had a chance to show their talents before the student body as they defeated the Sunset B-team in the annual Thanksgiving game.

Knights Take District Championship

The highest winning percentage at Kimball is that of the track team. In the last two years, the zone and city championships have gone outright to the Knights. And then there was E Day 1966.

For most people, May 10, 1966 was just another day to be lived and to be forgotten, but for students at Kimball High School May 10, 1966 will be remembered not as a day but as an experience. Indeed, a rather traumatic experience.

Annual staff members, still recovering from a toxic dinner, looked slightly pale as they rose at six o'clock to greet the dawn. By seven o'clock the little bundles of joy containing an *Excalibur* for one and all were unloaded at the port of entry, the school parking lot. Outstanding members of the staff were selected to retrieve the boxes from the trucks. With the aid of new precautionary measures, injuries were confined to a few bruised egos.

Afternoon arrived in unabashed glory as herds of students stampeded into the auditorium. Seated high above the seething mob, the annual staff antici-

pated the presentation of the finished product. Meanwhile the question remained unanswered—would the student body receive the book with open arms, or would it be rejected with uninhibited contempt? The book, having been presented, seemed to meet with the approval of the student body considering that a minimum number of tomatoes were thrown at the Editor.

The assembly also had its serious tones when Mrs. Hoeffler was honored as Dedicatee. Expressing their appreciation in a standing ovation, students were in agreement that the choice of the dedicatee was appropriate. The assembly was closed as members of the Roundtable were recognized. Thus ended another stirring episode in the affairs of Kimball High School—ended but not forgotten.

Knight Life Records *Kimball Happenings*

Editing a bi-weekly newspaper keeps the Kimball *Knight Life* Staff always "on the go." A staff member's day is spent gathering facts, interviewing teachers and students, having pictures made, and writing and perfecting the copy. Distribution of the papers is another task, but one which goes much faster. The staff members then find time to examine their paper and plan greater ideas for the next edition.

We, the student body, would like to express our appreciation to the *Knight Life* Staff of 1967 for their excellent coverage of Kimball activities.

Student Council Sparks Innovations

President Danny McCammon holds sway over morning meetings.

This year's Student Council met traditional responsibilities vigorously and showed signs of surprising initiative. Student Council action brought Rev. Tom Shipp to Kimball for monthly speeches. His messages, whether educational or purely entertaining, were admirably straightforward. The Council introduced the idea of electing class officers in the spring, eliminating a time-consuming autumn process.

Sponsor, Miss Fite, fosters efficiency with constructive criticism.

Highlighting the year is the fantastic powderpuff game by the Troubs at (Kimball University). Seniors again demonstrated their skill as they won for the second consecutive year. Senior Gators seemed doomed as three consecutive touchdowns were called back before the end of the first half. At halftime juniors were still clinging to a 6-6 tie. The senior attack lead by Bullet Allen seemed too much for the junior defense.

Outnumbered by 3 to 1 the seniors still displayed undying Kimball spirit and pulled it out of the bag. Melvin Wadle, Bobby Jones, and Stan Guzick coached the juniors while Mike Landers and Teddie Hendrickson coached the Gator All-Stars.

Powered by intestinal fortitude the girls showed they were not lacking in desire. They played football in shorts giving their 110%. Injuries spoke the loudest! Kimball Greet Sophomores

September 6, 1966, marked the end of an eventful summer and commenced a fresh adventure for a new aggregation of sophomores. Shy and timid (as well as unaware of Kimball traditions), the average sophomore stumbled over the school seal in the foyer and collapsed gratefully into the protective arms of an auditorium chair. Introductions, instructions, and homeroom assignments followed. The sophomore was then sent home, only to return the next day and embark upon school life as a Kimball Knight.

Cheerleaders Plan Pep Assemblies

Shouldering responsibility for the pep assemblies, the cheerleaders spent long, hard hours in preparation. Each week required new ideas. Skillfully meeting this demand, the cheerleaders presented original, entertaining skits and led the student body in encouraging yells. Most important, however, was the example of school spirit which they set for all to follow.

Ever ready to experiment and improve, Kimball initiated this year a new tradition—the student M.C. Outstanding members of the student body served as masters of ceremonies, directing the course of the assemblies and thus adding an element of continuity.

The M.C., however, proved to be only one of many elements which combined to create the kind of spirit which was evident in each of the pep assemblies. Though it could not be defined, this “spirit” existed, generated primarily through the efforts of the cheerleaders and the enthusiastic response of the students. The prevailing vivacity was accented by a variety of entertainment consisting of performances by the band, the majorettes, and the Troubadear officers. Mr. Durrett and the coaches added their part, encouraging the athletic participants to do their best.

"Bus Stop," A Flourish Of Dramatic Talent

Picture a small town bus-stop cafe, about 30 miles West of Kansas City, glowing warmly against the bitter, snowy night, expecting the late arrival of the bus. It is the opening scene of the senior play this year, "Bus Stop".

The main action of the play revolves around Bo Hecker, a young and inexperienced ranch owner, and Cherie, a "chanteuse" whom he hopes to persuade to marry him. Dr. Gerdald Lyman, a former professor, becomes involved in the plot as he recollects former days and later when he attempts to plan a meeting with Elma, a young waitress. In an effort to relieve the tension of the long wait, Elma suggests a talent show whereat Virgil (memorably portrayed by Phil McAlpine) performs "Pretty Mary" accompanying himself on the guitar. In the end, after much persuasion, things work out as Cherie is persuaded to marry Bo and live with him in Montana.

Sheriff Will Masters teaches respect to Bo as a result of his unruly and persistent annoyance to Cherie.

Grace informs Cherie as to the details of the fight outside.

Elma's suggestion of a talent show includes Cherie's captivating performance of "That Old Black Magic"—much to Bo's enjoyment.

Virgil attempts to persuade Cherie to reconsider Bo's offer of marriage despite his "ungentlemanly" conduct.

Grace and Carl discuss the healthful goodness of three hour walks on wintry evenings.

“Ladies of the Jury” Found Guilty of Success

How!!

Under the direction of Miss Margaret Breedlove and Mrs. Suzanne Latsha, the Junior Class presented “Ladies of the Jury,” this year’s Junior Play. Running two nights, December 8 and December 9, the Junior Play was an immediate success. This comedy shows in a whimsical way the amazing power women have over men. Due to the efforts of one Mrs. Crane the ladies of the jury one by one conclude that the defendant is innocent. As the women decide, so do the men they control, until finally the nearly convicted defendant is found innocent.

Fine Arts Department Stages Musical, Carousel

In April of 1966, Kimball's Fine Arts Department devoted many hours to the presentation of one of the best loved musicals in America, Rodgers and Hammerstein's *Carousel*. *Carousel*, the story of a sailor, Billy Bigelow, and his love, Julie Jordan, had as its setting New England in the 1870's and 1880's. Under the leadership of Mrs. Ann Lamb, Musical Director, Hazel Rippe, Choreographer, and Steve Bayless, Musical Conductor, the Concert Choir, Dance Club, and Orchestra produced the musical. Grand March — Depicting Regal Pageantry

Coronation would be incomplete without the Grand March, a presentation of past and present royalty. Each of the newly elected Sweethearts were recognized, and Ruth Attebury was honored in her final appearance as 1966 Kimball Sweetheart. The procession paraded to the majestic strains of "Pomp and Circumstance," while spectators admired the elegant setting.

After the presentation of the Sweethearts, the entire student body was invited to dance to the music of a nationally known dance band. The gymnasium was decorated ornately with rosebud trees and perfumed fountains. Unable to resist this romantic setting, faculty members, as well as students flocked to the gala affair. When the music ceased to play, and the lights grew dim, couples drifted out of the gymnasium with sore feet and fond memories.

**This is Jeruwati Seman. He's 19.
He's never watched television, slept under
an electric blanket, and wouldn't know an
electric food freezer if he saw one.**

And, chances are this college age student in India won't be able to enjoy these things for some time . . . if ever. In his country, electricity is still a luxury. Even though India has tripled its use of electricity in the last ten years, most things are still done by hand. And the standard of living in India, compared to countries who use large amounts of electricity, is still low.

You see, a country's standard of living is closely related to its use of electricity. And the hundreds of mil-

lions of people in the entire nation of India use little more electricity than do the people in *Dallas*!

The abundant supply of low cost electricity in Dallas helps you enjoy a better way of life, every day. Next time you switch on a light or use an electric appliance, remember that much of the world's population still lights with lanterns, and does laundry in a river.

*Craftsmanship is unchanging, though
its techniques have been revolutionized
endlessly through the years.*

*Craftsmanship is precision . . .
knowledge . . . dexterity — patience.*

*But most of all, craftsmanship is
pride in the job — pride that goes
beyond pay or price or profit.*

*Craftsmanship is not a system that
can be installed by engineers. It is an
indefinable element that is bred into
the fabric of an organization by
inspired leadership and unending
insistence upon producing only the
finest. Craftsmanship works through
the mind and the hand, but its
genesis is in the heart.*

In Retrospect

Upon completion of a masterpiece which had been seven years in creation, Raphael, a notable Renaissance artist, regretted the attainment of perfection. He had, in effect, reached the climax of his career and any accomplishments which followed only served as complements to his paragon of artistry.

Excalibur 1967 is not a masterpiece, nor is it perfect, but our feelings, like those of Raphael, are filled with remorse at its completion. We are finished—our work is complete. *Excalibur* has been written and 1967 has been lived, both with their imperfections. Fortunately, there are many more *Excaliburs* to be written and many more years to be lived. Perhaps each of us will achieve some degree of perfection; some will create a masterpiece.

to a real sweet senior girl, one of the best five probably good luck in the future
Chet Dan Sr '68

Janis, we have had great times in gym this year. You're a real swinger. Lots of luck with goes. Love ya' Lissa Edward Sr. '67

Janis, Sweet & very funny. Good luck!

Janis, sweet. You've had a lot of fun (?) in English this year. Remember Mrs. Mazurker. Always, Cindy Carter

Janis You are a real fine girl who always has a great smile for every one. Best of luck next year. Love John Turley Jr. Sr. '67

Janis: you, sweet, you, sweet, but the best part of you is the great personality and goes heart full of kindness. If you live up to what you are, you will be the greatest girl to live. Love Loris Bengard

Janis - It has been a lot of fun knowing you because of your great personality. I hope you have a wonderful life. Best of luck Loris Bengard

Janis - It seems everyone says the same thing so there. It goes again. In the two months I've been here I've really enjoyed knowing you. You're a real sweet girl and best of luck to you next year. Sue Jorgensen '67

Janis, what can I say? I have almost well, what can I say? I have almost made it. I hope you keep making it in the world. The time has come and we all the happy goers. Love Loris Bengard

James,
Well, the
year has finally
ended & it was
a great one. Best of
luck to you & yours
during your future years.
You & me wonderful gal & sweet
as can be. Stay that way &
I hope our friendship last
long time.

Love

Janis,

We have been good buddies for an extremely long time and I have known you even longer than that. It's going to be hard to express what I really feel toward you, but I shall try very hard. Before I say anything about you, I would like to say that I have enjoyed you more than you know during Junior High & High School. Janis, if I had another sister I would wish that it had been you. You have almost went through with me as much as Rudy. We have shared a lot of things together, even shared your ribbons in my hair and my hair spray in yours. I know ^{that what} I am about to say has been said fifty times before. I thought that I would repeat it again. I want you to know that every thing that I have wrote is truly the truth. I think you are a darling girl with a great personality. You have a special type of personality, the type that really achieves something. You will always try your best in everything you do. I think Ray is truly a lucky boy to be going with you. But I sure he knows it though. It won't be long and we will graduate (funny thing I couldn't wait until I graduated, but now I feel a little sad) and I know that I will cry when Karen (you) and me walk across that stage. I'm sure (glad you live close so I can run over to see you when we all go our separate ways. I plan no matter what I do to never forget you ^{every} ~~with~~ I live in Scotland. I hope it will be the very same way with you toward me. But out of all of things that I have scatch I would like to say I wish to my very best buddy ~~that~~ ^{every} best in her future life, no matter what it may be. Joy or nursing etc. Remember that I will always be a true blue friend of yours, always! God bless you always and keep you safe from all wrong in this dirty world around us.

Love ya, Rhil.
